

QUALITY POLICY OF GRANTE CORP.

The top management of GRANTE Corp. is committed to develop, maintain and continuously improve a Quality Management System based on ISO 9001:2015 to achieve a successful and economical long-term operation.

During our work we focus on meeting the demands of our customers by continuously improving the quality and reliability of our products and services to satisfy their needs. We would also like to meet the expectations of the society, the owners and workers of our company.

We find it really important to improve our market share, production and work environment conditions. We would like to use this to ensure the financial and intellectual growth of our employees.

The top management of our company is committed to continuous technical development to increase the customer satisfaction and our professional self-esteem. We would like to achieve that the name of our company is to be well known and respected amongst microwave experts.

Our goal is to create such a network of suppliers, who can supply the materials and services that are necessary for the production on a long term basis in the necessary quality and with mutually beneficial terms.
